1079 stämplor och märken av europeiska tillverkare av blanka vapen (klingsmeder, svärdfejare, fästesmeder, gelbgjutare etc.) ses i boken, i första delen i alfabetisk ordning efter tillverkarna. I den andra delen är stämplarna ordnade efter motiv för att underlätta bestämningen. Stämplor med bokstäver och initialer är införda i alfabetisk ordning. 1079 marks of European edged weapon makers (bladesmiths, furbishers, hiltmakers, brass moulders a.s.o.) are shown in the book, in the first part in alphabetical order of the makers. In the second part the marks are assorted in groups out of the motives to make the examination easier. Marks with shields with letters and initials are presented in alphabetical order.
